

Addendum to Regulated Agreement

The document would need to show the total combined amount of rentals on one line, with 'See Schedule' on the following line. The customer would need to put a line through the rental profile & initial the change. The other financials should then populate correctly thereafter.

The total interest that you will pay us during the course of this Agreement has been calculated up front at the Rate of Interest set out above and on the assumption that the outstanding amount of credit will reduce each time the Payment falls due. This interest is then added to the initial amount of credit and the aggregate figure is spread over the length of the Agreement to work out the Payments that you need to pay.

The APR has been calculated on the assumption that the Amount of Credit will be provided and repaid in line with this Agreement, without you making any early repayments.
